

VISION FOR MINISTRIES-LIVING WATER

VIMI USA is a 501(c)3, non-profit organization founded in 2011 with the purpose to empower the local church in Tanzania by providing safe clean drinking water on church property to rural pastors, churches and their communities. Access to safe clean water is one of the biggest humanitarian problems in the world so by providing safe water, we address the humanitarian need and also give the pastors an outreach tool to invite the community to share the Gospel. We like to call it “living water”

Our Ministry Partners: Our partner in Tanzania is Vision for Ministries Foundation registered in Tanzania in 2008 under the non-profit non-governmental organization Act with Joel Rugano as the Director. Since our founding we have partnered on many initiatives with Birmingham area churches that also help provide funding, technology and resources.

Why Water? Access to safe drinking water is a huge issue worldwide for 1 in 10 people or almost 800 million people. Unsafe water and lack of sanitation kill over 30,000 people each month with children affected the most. Existing with dirty water and the sickness it brings takes a heavy toll on the survivors. Safe water can transform communities by eliminating the need for many medical clinics devoted to water related illnesses and allowing communities to focus on faith, education, commerce and a better life.

Our Results: Over the last several years, VIMI has funded and installed twelve (12) water purification systems listed below in Tanzania for rural pastors on church property. These systems now provide clean safe drinking water for thousands of men, women and children at 12 different churches and communities in 3 different provinces of Tanzania where they also provide an invitation tool for pastors to share the “living water” and the Gospel with their communities. Our present water installations in Tanzania are located at:

- Temeke, Dar es Salaam
- Dihombo, Morogoro
- Kisongo, Arusha
- Nzega, Tabora
- Kibowa, Arusha
- Kongowe, Dar es Salaam
- Kinondoni, Dar es Salaam
- Ziba, Tabora
- Nkinga, Tabora
- Mtoni, Dar es Salaam
- Bagamoyo
- Keko, Temeke, Dar es Salaam

Temeke Water purification

Kinondoni Water Purification

Dihombo Water Purification

Kongowe Water Purification

How can you help?

Prayer: Pray for our ministry and our mission to reach the people of Tanzania with safe water and the Gospel.

Donate: Your **tax deductible contribution** to help support this ministry will be a blessing to the pastors and people of Tanzania. 100% of donations go direct to the water projects as our administrative personnel costs are volunteered. Additional purification systems are now in the planning and funding stages so we ask for your support.

Your check or online banking payment may be made out to:
